[External Email - Be careful! DO NOT open attachments or click links from unknown senders or unexpected email.]

Here at JEA in Jacksonville FL, we use Computer Associates D-Series scheduler.

We run CC&B on RedHat but use d-series across the application base for both Windows and Linux apps.

Subject: Batch Scheduler for CC&B?

[External Email - Exercise caution. DO NOT open attachments or click links from unknown senders or unexpected email.]

Hello everyone. I'm the IT Manager for the City of Sacramento, working on a CC&B install for our Department of Utilities. I thought I would reach out to this group and solicit some information concerning what tool you use for scheduling your batch jobs. We knew that CC&B has its own capabilities but they appear limited for our needs. We've been asking vendors to respond to our request for quotes, but the few that have answered have been ridiculously expensive! I was hoping that you could let me know what you use for your batch process scheduling (UC4, OpCon, Tidal, etc.), and if you are happy with the performance. Thanks very much for your cooperation and I look forward to hearing back from you!

Brian McKee
IT Manager, City of Sacramento
